Please Note: Once connected, the Bivvy Light will replace the alarm receiver, which will no longer emit alerts.

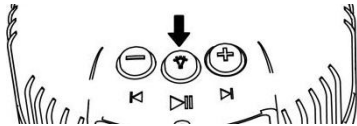

1. How to power it on/off?

Move the switch in the middle to the right. The small circular hole indicator light will illuminate in blue briefly and then turn off, confirming that the light has been powered on. To power off, move the switch to the left.

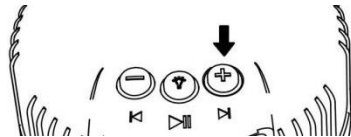

2. How to solely use it?

Brightness adjustment - short press the **"Bulb"** Button once to enter low brightness, twice to enter high brightness, and click again to turn off the light source.

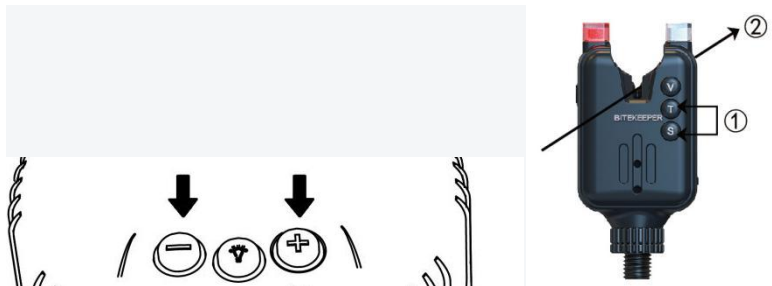

SOS mode - Long press the **"+"** Button, and the red light will start flashing. Long press **"+"** Button again to exit SOS mode.

3. Connection to BiteKeeper Pro smart alarms (if any) :

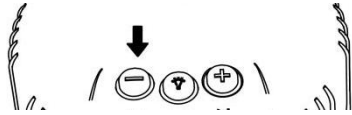

- Ensure both of your bivvy light and BiteKeeper Pro alarms are powered on;
- Simultaneously long press the **"+"** Button and **"-"** Button on the bivvy light to enter pairing mode;
- Then, simultaneously long press the **"T"** and **"S"** Button on the alarm;
- Pull a string through the roller on the alarm. Both the bivvy light and the alarm will illuminate and sound at the same time, indicating a successful pairing;
- After pairing, you need to exit pairing mode. Please short press the **"Bulb"** Button on the bivvy light, and short press the power button on the alarm.
- For unpairing all paired alarms, long press the **"Bulb"** Button.

Please Note: Once connected, the Bivvy Light will replace the receiver, which will no longer emit alerts.

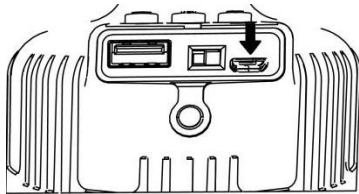

- After successful pairing, you can adjust the alarm volume of the bivvy light by short pressing the “+” Button or “-” Button.

Brief silent mode - After successfully connecting with the alarm (if any), long press the “-” Button to enter 30-second brief silent mode. After 30 seconds, it will resume normal alarm mode. Short press the same button again to exit.

4. How to charge?

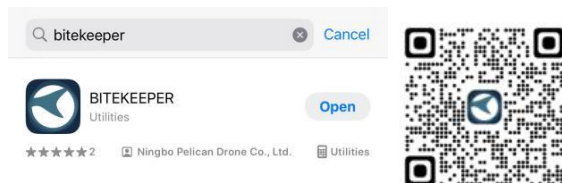

Using the provided data cable, connect one end to the Micro USB port and the other end to your own power plug. Once connected to power, it is expected to fully charge within 4 hours.

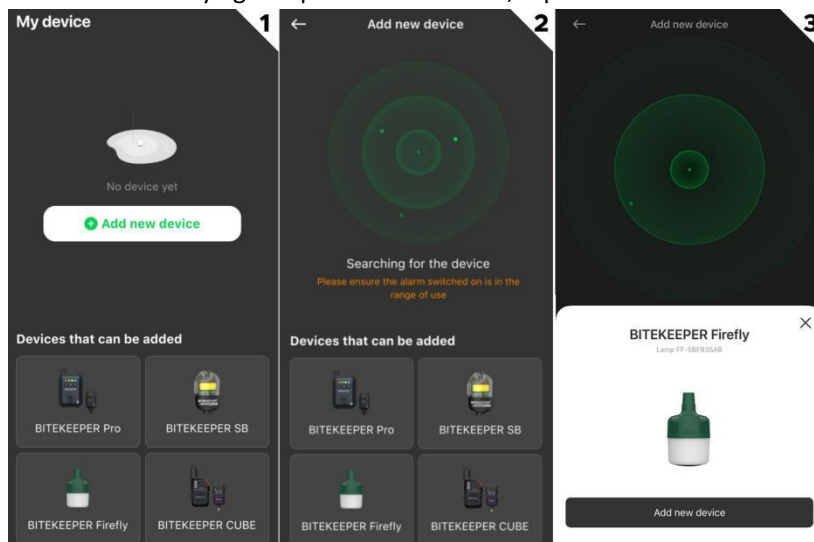

5. How to connect to and use together with the BiteKeeper Pro?

If you have already purchased the BiteKeeper Pro smart bite alarms, this Bivvy Light can be linked with the alarms mentioned above.

5.1 Search for “BITEKEEPER” on the Google Play Store, Samsung Galaxy Apps(for android) or App Store (for iOS), or scan this QR code below, to install the app on your mobile device. Installing the app requires Android System 8.0 or above and iOS9.0 or above.

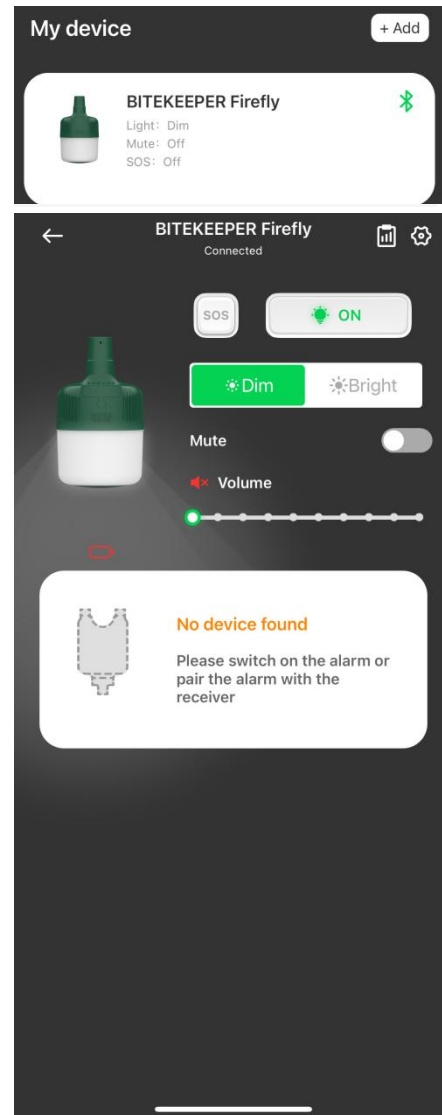

5.2 After entering the app, make sure that the Bluetooth permission on your phone is enabled, and that the bivvy light is powered on. Then, tap on "Add new device" shown in Picture 1.

After successful connection, the page on the right will appear. Click again to enter the device control page.

After entering the device control page, you can perform the following actions on the control page:

1. Switch on/off the light
2. Adjust brightness
3. Activate SOS mode
4. Activate mute mode
5. Adjust alarm volume
6. Adjust settings for each connected alarm, including color, volume, and sensitivity
7. View the log for each connected alarm

For more up-to-date usage information, please scan the QR code below to watch.

6. Declaration

The policy is one of continuous improvement and we reserve the right to change product specifications and the app interface without prior notice. Illustrations are for guidance purposes only. The real product may be slightly different from the display picture due to different types.

7. Warranty

We offer you a 12-month guarantee from the date of purchase.

The guarantee covers any defects arising from the drive unit and the electrical and electronic parts of the light, faulty material or workmanship.

It does not cover batteries, damage arising from improper use, breakage, or normal wear of the boat or associated equipment.

The guarantee is invalidated if repairs or modifications are undertaken by unauthorized persons.

The guarantee period for the rechargeable battery and the rechargeable LI-ION batteries is 6 months from the date of purchase.
